

Asthma

Did you know?

There are 3 very specific documentation requirements to fully describe your patients' asthma status

1. Type
 - Mild, Moderate *or* Severe
2. Character
 - Intermittent *or* Persistent
3. Complications
 - Acute Exacerbation
 - Status Asthmaticus
 - Acute Respiratory Failure

Excellent Documentation Examples:

- *Mild, Intermittent Asthma without acute exacerbation*
- *Acute Exacerbation of Moderate, Intermittent Asthma*
- *Acute Exacerbation of Severe, Persistent Asthma with Status Asthmaticus and Acute Respiratory Failure*
