

Brain Compression/Cerebral Edema

Did you know?

Mid-line shift does not code to support metrics effectively.

Contemplate diagnosing ***Brain Compression and/or Cerebral Herniation*** if present. Please also document any ***Cerebral Edema*** to help support the Severity of Illness (SOI) and Risk of Mortality (ROM) of your patient.

ICD-10 code	Description	CC or MCC
G93.6	Cerebral Edema	MCC
G93.5	Compression of Brain (Cerebral Herniation)	MCC
